A HYPER-REALISTIC AND RETROSPECTIVE SOLO SHOW

From April 27 to September 10, 2023, Galeries Bartoux New York presents "SEA IDYLLS", an interactive experience dedicated to the world of Carole A. Feuerman. This retrospective reveals the artist's creative process through a faithful reconstruction of her studio, her first sculptures as well as a selection of exclusive artworks.

Going beyond the limits of hyperrealism, come and discover "PISCES" (one of the artist's emblematic sculpture) come to life thanks to an innovative animated video produced in collaboration with SUPERBIEN STUDIO. In this imaginary contemplative experience, lulled by the sound of the waves, "PISCES" becomes more and more real according to the cycle of the sun from dawn to dusk... at night, it disappears into the sea, like an idyll...

A MONUMENTAL EXHIBITION

On the initiative of Galeries Bartoux with the support of the Patrons Of Park Avenue (POPA), the Murray Hill Neighborhood Association (MHNA) and the City Of New York, we are honored to announce that 9 monumental sculptures by Carole A. « This exhibition is not just about art but about creating a moment of pause and reflection for the viewers. A unique opportunity to take a break from the hustle and bustle of everyday life and immerse yourself in a surreal world of art. » confides the artist
